## SUMMARY

---

Highly motivated Information Engineer with over 2 years of experience in software development. Possesses excellent interpersonal skills and strong visualization abilities for effective communication and presentation of ideas. Demonstrated work ethic and dedication to achieving project goals. I am fluent in Arabic and English.

## EXPERIENCE

---

### Backend Developer | OneDoor | October 2025 – Present

- \* Developed a full-featured **Django** REST API e-learning platform with course management, video streaming (**Bunny Storage CDN and Streaming**), phone-based authentication with OTP, student enrollment tracking, quiz system, and role-based access control.
- \* Implemented resumable video uploads, asynchronous task processing with **Celery**, and a scalable cloud storage architecture.
- \* Led the development of a scalable backend visit management platform for a large enterprise organization, handling appointment scheduling, QR-based check-ins, and role-based access control for 500+ daily visitors. Built with **Django** REST Framework, **Docker**, and **PostgreSQL**.
- \* Reduced manual visitor processing time by **75%** by introducing automated appointment and check-in workflows
- \* Implemented secure access control with auditable check-in records for compliance and traceability
- \* Worked with **ERP** systems, specifically **ERPNext**, supporting sales and customer service operations.
- \* Assisted in managing sales workflows, including quotations, sales orders, invoices, and customer records.
- \* Helped ensure data accuracy and consistency across sales-related modules.

### Backend Developer | No Name Group | July 2025 – October 2025

- \* Developed RESTful backend API for Setalkel platform using **Laravel**, powering web application, admin dashboard, and mobile ordering app.
- \* Implemented product catalog with variants and categories, order management system with container-based shipping, multi-tier pricing supporting user-specific rates, role-based access control, **Firestore** push notifications, and analytics dashboard.

## Backend Developer | Apps&more | August 2024 – December 2024

- \* Contributed to maintaining, building and deploying services using **Golang** and **Docker** for MTN Cash mobile project.
- \* Developed a medical application for booking appointments and medical tests using **Spring Boot** and **Oracle**.

## Robotic Process Automation Intern | Brainstorm | November 2022 - March 2023

- \* Developed automation projects using UiPath tool to streamline processes and increase productivity
- \* Implemented RPA solutions that reduced manual labor by 70% in various departments
- \* Conducted testing and maintenance of automated systems, ensuring optimal performance and reliability

## Programming intern

- \* Assisted in the development of complex software applications using PHP and Python programming languages
- \* Contributed to code reviews and debugging, ensuring high-quality output
- \* Collaborated with cross-functional teams to deliver projects on time and within budget.

## PROJECTS

---

### \*- E-learning platform

**Description:** Django REST API platform with course management, video streaming (Bunny Storage CDN and Streaming), phone-based OTP authentication, student enrollment, quizzes, and role-based access control. Features resumable uploads, Celery async processing, and scalable cloud architecture.

**Technologies:** Django 5.0+ | Django REST Framework | PostgreSQL | JWT Auth | Celery + Redis | Bunny Stream and Storage CDN | Docker

### \*- Setalkel

**Description:** Developed RESTful backend API for Setalkel platform, powering web application, admin dashboard, and mobile ordering app. Implemented product catalog with variants and categories, order management system with container-based shipping, multi-tier pricing supporting user-specific rates, role-based access control, Firebase push notifications, and analytics dashboard. [\[link\]](#)

**Technologies:** Laravel 10, Laravel Sanctum, Spatie Permissions, Firebase Cloud Messaging, MySQL, RESTful APIs.

### \*- Medical App

**Description:** Developed a medical application for booking doctor appointments and tests using Spring boot and Oracle. [\[link\]](#)

### \*- Chatbot-based Smart CV maker

**Description:** Developed an AI-powered tool to automate the creation of CVs for client, achieved a 92% accuracy rate in generating personalized and impactful CVs and Streamlined the process of creating CVs, saving time and increasing efficiency.

**Key Achievement:** Showcased at FMEE Exhibition, Damascus University, [2024], recognized for innovation in automating professional document creation.

### \*- Employee-Customer management App

**Description:** Developed a simple employee-customer app that demonstrates Spring cloud features: microservices, Eureka, RestTemplate, FeignClient and MySQL.

### \*- Marketing

**Description:** A backend system designed for a service-based or marketing-oriented platform where businesses can promote offerings, customers can book them, and real-time interaction is optimized through smart backend design.[\[link\]](#)

### \*- Reparo

**Description:** Project for providing fix-repair services using Laravel+Postgresql.[\[link\]](#)

## EDUCATION

---

\* High School Diploma from Private School, Sharjah, UAE

\* Bachelor's Degree in Informatics Engineering, International University of Science and Technology (IUST), Damascus, Syria

## SKILLS

---

\*- **Languages & Frameworks:** C++, C#, Python, PHP, Laravel, Java, Springboot, Spring cloud, Golang, Revel, Oracle, Postgresql, MySQL.

\*- **Development Tools:** Git, Eureka, Postman, Docker.

\*- **IDE's:** Visual Studio, Visual Studio Code, IntelliJ, Goland, DataGrip, PgAdmin.

\*- Strong visualization abilities for effective presentation of ideas or concepts.

\*- Excellent interpersonal skills for clear and concise communication with clients or colleagues.

\*- Demonstrated work ethic and dedication to achieving project goals.

## ADDITIONAL INFORMATION

---

Hobbies:

- \*- Enjoy spending time with friends.
- \*- Have a passion for traveling and exploring new places.

Languages:

- \*- Native Arabic speaker.
- \*- Fluent in English.
